- the ability to formulate and to use the model of psychosocial help in line with selected counselling approach
- the ability to expand the existing critical evaluation of the implications of the problems of culture, race, gender, sexual orientation
- the ability to research, reflect and control their personal involvement in the processes of psychosocial help, which they co-create and run

<p>postopke psihosocialne pomoči, ki jih soustvarjajo in vodijo</p> <ul style="list-style-type: none"> - zmožnost dokumentirati in s kritično refleksijo predstaviti svoje svetovalno delo tako strokovni kot laični javnosti za diskusijo in vzajemno učenje - zmožnost soustvarjati rešitve psihosocialnih problemov, kreativno ravnati s kompleksnimi, nepredvidljivimi in posebnimi situacijami - sposobnost uspešnega predvidevanja in obvladovanja posledic ustvarjenih rešitev - zmožnost učenja tudi v smislu samostojno usmerjanega strokovnega izpopolnjevanja - zmožnost avtonomije v profesionalni praksi 	<ul style="list-style-type: none"> - the ability to document and present their counselling work to professional and lay public with the aim of discussion and mutual learning - the ability to co-create solutions to psychosocial problems, to creatively deal with complex, unpredictable and special situations - the ability to successfully anticipate and manage the consequences of created solutions - the ability to learn in terms of self-directed professional development - the ability of autonomy in professional practice
--	--

Predvideni študijski rezultati:

Študenti:

- razvijejo občutljivost za vprašanje spola in problematiko nasilja
- kritično osvetlijo problematiko nasilja kot družbenega problema
- razvijejo refleksijo kulturno-družbenega in zgodovinskega konteksta nasilja
- poznajo definicije nasilja
- poznajo oblike nasilja
- razvijajo komunikacijske veščine in rabo ustrezne terminologije v odnosu do žrtve nasilja
- razumejo in uporabijo modele pomoči v primeru spolne zlorabe
- poznajo in uporabijo metode psihoterapevtske pomoči v primeru otrok in odraslih, ki so preživljali ali preživljajo nasilje
- razložijo namen in uporabijo modele pomoči v odnosu do povzročitelja nasilja

Intended learning outcomes:

Students:

- develop sensitivity to gender issues and problems of violence
- critically get to know to violence as a social problem
- develop reflection on sociocultural and historical context of violence
- know the definitions of violence
- know different forms of violence
- develop communication skills and use of appropriate terminology in relationship with violence survivor
- understand and use the models of support in the case of sexual abuse
- know and use the methods of psychotherapeutic support in the case of children and adults who survived violence or are victims of violence
- explain the purpose and use models of support in relationship with perpetrators of violence

Metode poučevanja in učenja:

- predavanja z aktivno udeležbo študentov (razlaga, diskusija, vprašanja, primeri, reševanje problemov)
- seminarske vaje (refleksija izkušenj, projektno delo, timsko delo, metode kritičnega mišljenja, diskusija, sporočanje povratne informacije)
- uporaba spletne učilnice oziroma drugih sodobnih IKT orodij
- individualne in skupinske konzultacije (diskusija, dodatna razlaga, obravnavanje specifičnih vprašanj)
- oblikovanje portfolija in samostojen študij (motiviranje, usmerjanje, samoopazovanje, samouravnawanje, refleksija, samoocenjevanje)

Learning and teaching methods:

- lectures with active participation of students (explanation, discussion, questions, examples, problem solving)
- tutorial (reflection of experience, project work, team work, critical thinking methods, discussion, feedback)
- use of online classroom or other contemporary ICT tools
- individual and group consultations (discussion, further explanation, dealing with specific issues)
- creation of portfolio and individual study (motivation, guidance, self-observation, self-regulation, reflection, self-assessment)

Načini ocenjevanja:	Delež (v %) / Weight (in %)	Assessment:
Pisni izpit.	50	Written examination.
Študija primera.	50	Case study.
Ocenjevalna lestvica – skladno s Pravilnikom o preverjanju in ocenjevanju znanja.		Grading is in accordance with the Faculty's evaluation Ordinance.
